Outdoor Vendor Regulations

See Zoning Code Article 601.16 for more details.

- Outdoor vending on public right-of-way and public property is permitted only in special outdoor vendor districts.
- Vending is not permitted on vacant lots, undeveloped property, or grass.
- Vending is not permitted in public parking spaces, in a public parking lot, or public park, including the Bentonville Square.
- There must be a minimum of 4 feet of clear passageway on a public sidewalk at all times.
- The area occupied by a vendor shall not exceed 900 square feet and must be located on a hard surface.
- Minimum distance from the conveyance:

10 ft.	Street intersection	Pedestrian crosswalk	Loading zone	
	Fire escape	Fire hydrant	Driveway	Disabled parking space or ramp
15 ft.	Building entrance			
25 ft.	Bus stop sign			
50 ft.	Driveway of police or fire station			
	Entrance of food services business not owned by vendor			
100 ft.	Hospital	College / University	Elementary, middle, junior or high school	

Town Square Vendor District

- If you are approved for a permanent vendor permit in the Town Square Vendor District, and a special event is scheduled in the Town Square District, the permit is invalid during the time of the event. Should you want to vend during the event, you would need to be approved by the agency organizing the event.
- A vendor is permitted only one permit in this district.
- **Only vending stands are permitted.**
- All conveyances must be self-contained and should not receive electricity or water for adjoining buildings by means of wires, hoses, or other connections. Any cooking, heating, or warming units must be an integral part of the conveyance.

Mobile Vendor Regulations

Equipment:

- Convex mirror mounted on the front of the vehicle such that the driver in his normal seating position can see the area in front of the truck obscured by the hood.
- "SLOW CHILDREN CROSSING" sign printed in six inch black letters on yellow background on both the front and back of the vehicle.
- Passenger side mirror.
- Business name, address and phone number printed in 2" letters on each side of the vehicle.
- Trash receptacle.

General Regulations:

- "Slow" signal arm shall be deployed when vehicle is stopped for vending purposes.
- The vehicle shall not be stopped for vending purposes when no customers are present.
- Vending shall take place from the right side of the vehicle.
- Vending shall not occur with a customer standing within the roadway.
- Vending shall only include prepackaged products.
- Vehicles shall not be operated in reverse to accommodate a customer.
- Mobile food vending shall only take place on streets where on-street parking is allowed.
- No vending within 500 feet of a school while school is in session and one hour before and after school is in session.
- Mobile food vendors shall be allowed to engage in the business of vending only between 10 am and 30 minutes before sunset.
- "Slow" signal arm that can be extended horizontally from the left side of the truck. This arm shall be yellow with six inch black lettering and two alternating flashing amber lights three to five inches in diameter. The bottom of the signal arm shall be approximately 42" above the roadway or street.
- The vehicle shall be lawfully parked or stopped before vending can take place.
- Outdoor vending on public right-of-way and public property is permitted only in special outdoor vendor districts.
- Vending is not permitted on vacant lots, undeveloped property, or grass.
- Vending is not permitted in public parking spaces, in a public parking lot, or public park.
- There must be a minimum of 4 feet of clear passageway on a public sidewalk at all times.
- The area occupied by a vendor shall not exceed 900 square feet and must be located on a hard surface.

Wastewater Disposal

A clean environment while serving food is good for your customers and your community. Waste water from your mobile food business must be disposed of properly to avoid clogging sewer lines or polluting the environment. Even on the go, there is much you can do to protect the environment and avoid fines.

Did you know?

That a Mobile Food Vendor must do the following to comply with the City of Bentonville Fats, Oil and Grease Control Program.

- Submit a copy of the Arkansas Department of Health Service Approval Form to the City of Bentonville Pretreatment Division for review.
- Must fill out and submit a Mobile Food Vendor Wastewater Disposal Verification Form to the below:

City of Bentonville Wastewater Utilities Pretreatment Division

1901 NE A Street, Bentonville, AR 72712

pretreatment@bentonvillear.com

479-271-3161

- If planning to discharge your grease waste within the city limits of Bentonville, you must contact the Pretreatment Division to have the proposed grease waste discharge location inspected and approved by the Pretreatment Division.

Proper Etiquette for Disposing Grease Waste

Do:

- Collect all wastewater from utensil washing in a screen-covered container.
- Collect used cooking oil in a closed container.
- Use a waste grease recycling service or properly permitted recycling/disposal facility for the collection, recycling, or disposal of used cooking oil.

Don't:

- Dispose of any wastewater on the ground, down any storm drain, or sanitary sewer manhole.
- Dispose of any utensil washing wastewater down toilets. Toilets are not connected to grease control devices.
- Dispose of any wastewater at a car wash or any other location not authorized to receive hauled liquid waste or not designated as the approved disposal site for your mobile food vending operation.
- Dispose of utensil washing wastewater down any drain unless it has been verified with the City of Bentonville Pretreatment Division that the drain goes to a GCD approved by the City of Bentonville Pretreatment Division to accept such waste.
- Dispose of any used cooking oil to any drain, even if it is connected to a GCD. This waste must be recycled or disposed of using facilities permitted to accept such waste.
- Break the law. Disregarding any of these prohibitions violates City of Bentonville Pretreatment Ordinance #2012-65, with each violation of our code carrying a maximum penalty of \$1,000.00 per violation per day.
