

FAQ's

1. Are your fields turf now?

YES! All fields at Memorial Park are now artificial turf infields. The outfields are still natural grass. This means NO RAINOUTS, but it also means NO METAL SPIKED CLEATS. Please review our synthetic turf rules for more information.

2. Can I pay at the park?

No, USSSA now requires you to pay online. ALL TEAMS MUST PAY ONLINE. If you'd like to learn how to pay online, the tournament director (Danny Bartlett) would be happy to assist you. This is a VERY EASY process once you learn how to do so. This makes checking in at the tournament a breeze.

3. How can I get a refund?

Simply email your tournament director to process your refund. Danny Bartlett will assist you in getting that processed.

4. Where are the your softball fields located?

Often times Google can misdirect folks to our park. Our parks are located at below addresses:

Memorial Park –

2000 NE Memorial Park Square, Bentonville, AR 72712

Merchants Park –

201 Elm Tree Road, Bentonville, AR 72712

Phillips Park –

3108 SE J St, Bentonville, AR 72712

5. How are you fields numbered?

If you look in the files section of the event description page on the USSSA site, you'll find a field layout photo that outlines how our fields are numbered. Essentially they are laid out like a clock, starting on the west side of the concession stand (just north of the batting cages). Please check our files page for this information.

6. NIT?

Most of our events are an NIT status tournament. This awards team's double points for competing in these tournaments. We want to reward teams for playing in Bentonville however we can. Wondering if our tournament is NIT, the answer is in the name. If our tournament is an NIT event, it will be named as such: Kellogg's Classic NIT. However, if the event doesn't have NIT in the name, it is simply a regional qualifier.

7. Further Questions?

If you have any further questions, please reach out to Danny Bartlett at [479-464-7275](tel:479-464-7275), or by emailing him at dbartlett@bentonvillear.com.
