

Downtown Commercial

Future Land Use Plan Category Description

Res. No. 10-23-18A

Description

Downtown commercial areas include traditional mixed-use developments with a focus on design character and pedestrian access. Ground-floor uses should include activities that capitalize on pedestrian traffic and support street life, such as restaurants, retail, and services that create frequent patron traffic. Upper-floor uses could include offices, services not reliant on ground-floor visibility, and residential units. Parking could be provided in Downtown commercial areas, but only where it is not detrimental to the character of the area and is secondary to an active use.
