

Sec 501.07 Surfacing Of Parking Lots

Any off-street parking area shall be paved with a sealed surface pavement and maintained to prevent dust resulting from continued use. The parking area should be arranged as efficiently as possible, be so graded and drained as to dispose of all surface water accumulated in the area, and shall be so arranged and marked as to provide for orderly and safe parking and storage of vehicles, according to provisions of this Article.

Exception: The sealed surface is not required if pervious pavement is approve by the City Engineer as part of a low impact development design.
