

SPRING 2022

YOUTH ACADEMY

TENNIS

Bentonville Parks & Recreation

SEASON: MARCH 30 - MAY 18

For our tournament level players looking for higher level drills and lessons, these drills focus on high level player development with more emphasis on advanced technique, commitment, fitness, accountability, and self-discipline. These competitive drills are detailed below. There is a selection process and coaches must evaluate skill prior to registration. All entrants will be based on a coach's decision.

BPR RED | AGES 5-7

This age group uses QuickStart nets and red (25% compression) balls on a 36' court. We look for them to be able to hit 100 consecutive balls and execute topspin. A player may move up to BPR Crush by coaches' decision or BPR Orange by turning age 8.

BPR ORANGE | AGES 8-10

This age group uses orange (50% compression) balls on a 60' court. A player may move up to BPR Crush by coaches' decision.

BPR CRUSH | AGES 8-10

This age group uses orange (50% compression) balls on a 60' court. We look for them to be able to hit 100 consecutive balls from the 60' baseline and execute topspin. A player may move up to BPR White or BPR Black by coaches' decision.

BPR WHITE | AGES 11+

This age group is for intermediate tournament players. A player may move up to BPR Black by coaches' decision, or becoming an open level player.

BPR BLACK | AGES 11+

This age group is for advanced tournament players (most often players traveling across the state and/or the country for tournaments).

REGISTRATION

Opens: February 1
