5. Stonehenge Fire Access Road Reconstruction is now complete. To reconcile the quantities used and the final price of the contract, a reconciliation change order is needed. The final project cost is \$44.00 less than the currently contracted amount of \$94,335.00.
6. Award bid # 14-54 to Environmental Process Systems in the amount of \$21,021.00 for the purchase and installation of new weirs and baffles in the grit chamber at the wastewater treatment plant. This is a 2014 budgeted item.
7. Parks and Recreation is asking City Council's approval to award bid number 14-55 to General Construction Solutions, Inc. for the construction of a 157 space parking lot at Merchants Baseball Park (formerly Elm Tree Ballfields).
8. The Street Department has a balance of \$43,066.18 left in the Capital Equipment line item. This is due to the combined savings of the purchase price of the bull dozer and electronic message board. The Street Department is intending to use approximately \$16,800.00 of that money for the purchase of (2) Two snow plows and (1) One Spreader box for this year. Please see attached memo and price quotes.
9. Approve Resolution setting public hearing regarding the placement and amount of liens to be placed on certain properties for mowing and remediating unsanitary and unsightly conditions. This process is mandated by State law. The City has been forced to take action to remediate weeds and tall grass and other unsightly conditions at the subject properties. Code Enforcement advised the property owners of the violation and requested that they take action prior to

the City stepping in to take action. Property owners have also been advised of the costs and that a lien would be placed on the properties if the costs were not paid. All property owners have been invoiced and failed to pay as of the date this item is submitted.
