

Why is the 8th Street Improvement Project Needed?

The 8th Street Improvement Project will provide additional roadway capacity to serve the following transportation and access needs within the Study Area:

- Provide direct access to 8th Street from Highway 71
- Relieve congestion along 8th Street between SW I Street and Moberly Lane
- Relieve congestion at the Highway 102 and Highway 72 interchanges
- Relieve congestion along 14th Street and Central Avenue
- Provide pedestrian access throughout the 8th Street Corridor
