For replacements, what is the ID or tag number of the item being replaced?

Description and Justification:

The current vehicle is a 2004 Chevy pickup that meets the vehicle replacement policy with 70,000 miles or 7 years. This vehicle is used extensively by the construction inspectors for site inspection of current development projects. A replacement vehicle should be of similiar configuration.

Relationship to mission and values:

The request supports the City's mission to delivery municipal services in a professional, personal and responsive manner and the value of public safety for all citizens.

Relationship to the General Plan:

Replacement per the City of Bentonville vehicle policy. This request supports the General Plan in improving current infrastructure to meet the needs of growth within the City of Bentonville.

For replacement items:

How old is the existing item? Mileage/engine hours?

Will the item be traded and removed from city inventory?

If NO, explain:

Revised: June 2006
