FOR IMMEDIATE RELEASE
June 15, 2011

Bentonville, AR.....The City of Bentonville will conduct a clean-up of storm debris starting Monday, June 27, 2011. This will allow time for residents to place debris curbside. City crews will collect vegetative debris (limbs, sticks, leaves) in accordance with the following:

- All debris must be ready for collection by 7:00 a.m., Monday, June 27.
- Debris must be placed within 4 to 10 feet from back of curb or edge of pavement.
- Tree and shrub limbs, trunks (no stumps), etc., should not exceed 6 feet in length and not greater than 14 inches in diameter.

Please note: The City's staff will not pick-up or remove household waste, hazardous waste, furniture, appliances, fluids, tires, or any non-vegetative waste or material. Crews ask that residents please keep debris out of drainage ditches and away from gas meters, telephone pedestals, water meters, etc.

Collection will begin 7:00 a.m., Monday, June 27, and will continue until all streets have been traveled once. City will not repeat routes to collect storm debris placed after 7:00 am, Monday, June 27.

Property owners may take uncollected material to the City's Compost Facility located at 2000 NW A Street. This facility is open to all Bentonville residents. Hours of operation are Tuesday through Saturday, 8:00 a.m. until 4:00 p.m. For complete details on what types of materials are acceptable, please go to the City's website; the link is http://www.bentonvillear.com/wastewater_compost.html.
