

# THE WORD ON THE STREETS

A periodic update of Bentonville's street improvement projects

5-17-2007

## NOW OPEN

### **Tiger Blvd. - NE J St. to McCollum Rd.**

A minor arterial road extended to the east including two-lanes with curb, gutter and an eight foot trail on the north side. Utilities are underground and the roadway is lighted with traditional style fixtures.

Ribbon cutting for Tiger Blvd. on March 7, 2007.

## UNDER CONSTRUCTION

### **SW I St. - Hwy 102 to Walton Blvd., including 8th St.**

**B/AHTD**

A minor arterial road widening to three lanes, with curb and gutter, a trail and intersection improvements at 8th St. Anticipated completion: Dec. '07.

### **John DeShields Blvd. - NE S St. to Hwy 72**

A minor arterial road extension of two lanes with curb, gutter and an eight foot wide trail. Utilities will be underground and the roadway will be lighted with traditional style fixtures. A roundabout will be installed at the intersection with Moberly. Anticipated completion: Nov. '07

### **SE J St. - Walton Blvd. to Hwy 102**

**B/AHTD**

A minor arterial road widening to five lanes with curb, gutter, and sidewalk. Anticipated completion: Oct. '07.

### **SE C St. - SE 22nd St. to SE 28th St.**

A new two-lane collector road with curb and gutter. Anticipated completion: Aug. '07.

### **NW 3rd St. - NW Yukon Trail to Walton Blvd.**

A collector improvement of three-lane curb and gutter. Anticipated completion: Summer '07.

First cars travel down the new Tiger Blvd.

## IN THE WORKS

### **Hwy 72 - J St. to Hwy 71**

**B/AHTD**

A major arterial road widening to five lanes with curb and gutter, storm drains, and a trail. AHTD has indicated the project is tentatively scheduled to begin construction by early 2008. Utilities are currently being relocated.

### **Hwy 102 - Walton Blvd. to Greenhouse Rd.**

**B/AHTD**

A major arterial road widening to five lanes with curb and gutter and storm drains. AHTD anticipates construction to begin early next year.

### **8th St - Hwy 71 to Elm Tree Road**

A federally funded partnership to widen a major arterial to five lanes with curb and gutter, including an interchange with Hwy 71. The contract with the design engineer is being reviewed for final approval and preliminary studies will begin soon. The first phase of the project will consist of preliminary routing and environmental studies.
