

Please Help Keep Bentonville Beautiful

- Trash carts should be placed at curbside for pick-up no more than 12 hours prior to pick-up.
- All residential trash collection routes begin at 6:30 a.m., please ensure your cart is at curbside by that time.
- Carts need to be placed within 2 feet of the curb and be at least 3 feet apart, with their lids closed.
- All materials should be placed inside the cart, bags or other materials outside the cart will not be picked-up.
- Please only place recyclable items in your recycle cart to prevent contamination.
- Glass is not recyclable through your recycling cart.
- Carts should be removed from the curb as soon as possible following pick-up.
- Try to store your container out of view (in garages, carports, back or side yard, behind shrubs, etc.)
- If you move from your residence, the carts do not move with you. Please leave the carts for the next resident.
