A CLOSER LOOK AT OUR COMMUNITY

479-271-5966 • www.bentonvillear.com

Letter from Mayor Orman

I know how wonderful Bentonville is, but it is always nice to receive recognition around the strong sense of community and collaboration that defines our beloved city! The recent acknowledgement as a Volunteer Community of the Year at The Arkansas Municipal League Winter Conference was an awe-inspiring reminder of the dedication and generosity of all that live, work, and play here in our fine city. Reflecting on yearly achievements like this and the positive impact of 2023, there is no doubt the spirit of Bentonville is seen in the daily activities of our residents. As I reflect, I am reminded of a quote by Helen Keller: "Alone, we can do so little; together, we can do so much." These words embody the spirit of Bentonville for me and the strong sense of collaboration and "can do" attitude that serves as a source of success for our city. The time, vigor, and attention that each of you put into maintaining our strong sense of community inspires me daily and will forever be an immense source of my delight serving as your Mayor. I have watched neighbors help neighbors in countless ways over the last year and each time I am reminded of the kindness, respect, and consideration that Bentonville neighbors display

for one another. Your actions truly do make a difference!

In 2024, I want to extend the call for collaboration and to share and celebrate individual and organizational efforts in shaping Bentonville. I look forward to residents' input on PlanBentonville.com. Looking forward to the future of Bentonville, we want to find common ground and together preserve what we love and promote what we want. As we start a new year with much excitement and vigor, we want to get your thoughts to help shape our city's future. Everything we do in the city is inspired by you, so be sure to give us your thoughts at PlanBentonville.com. The future for Bentonville is bright and our sense of community is strong. As Mayor, I look forward to another year full of accomplishments, highlighting the bright future and strong community spirit that makes Bentonville thrive.

There are a myriad of individuals and organizations whose efforts have made a difference to Bentonville over the past year – certainly too many to highlight in this short New Year message – so here is my request for you. Please reach out and nominate any special person whose efforts have made Bentonville a better and brighter place through our Spirit of Bentonville Award. This award is one way we recognize the public efforts that truly showcase the heart of our city. Nomination forms can be found on The City of Bentonville website at www.bentonvillear.com. In addition, make plans to attend or listen in to our State of the City address to City Council in early February or our State of the City presentation to the public in early April, where we also give a nod to all our volunteers in conjunction with Volunteer Appreciation Month. Please contact my office for more details on each of these events.

As Mayor, I wish every member of our wonderful community a safe and a very happy and healthy New Year. I look forward to all the things we will accomplish together in 2024! If you have any specific questions or if there is anything my office can help you with, please reach out!

All My Very Best,

Stephanie Orman
Mayor of Bentonville

BPL: A Beacon of Inclusivity and Outreach

For many, a visit to the library is a straightforward affair. However, accessing the library's resources can be challenging for those facing physical, economic, social, or geographic barriers. Recognizing this, BPL has established its Outreach Services, ensuring that everyone can benefit from the library's vast offerings regardless of circumstances.

One of the standout features of this initiative is the provision for home-bound patrons. Whether due to age, illness, injury, or any other impediment, those unable to visit the library can still receive a curated selection of materials delivered straight to their doorstep.

Furthermore, BPL's engagement with the community extends beyond traditional library services. For instance, our Book Club Kits initiative offers a comprehensive package for book enthusiasts, facilitating discussions and fostering a deeper appreciation for literature.

The Bentonville Public Library is not just a repository of books; it's a living, breathing entity that evolves with its community's needs. Through its myriad services, programs, and initiatives, BPL showcases that libraries can be centers of innovation, inclusivity, and outreach, embodying the spirit of community service.

To learn more about BPL's Outreach Services visit our website at bentonvillelibrary.org or contact us at 479-271-3192.

BPL now offers the full collection of American Girl Dolls!

In early 2020, BPL introduced the Library of Things Collection to cater to the diverse needs of our community. This collection provides an extensive range of kits and items that patrons can access to promote discovery through hands-on interaction and exploration while also engaging our community by sharing resources. All of these resources are in line with BPL's mission.

We're excited to announce that our library's circulating collection now features twelve new American Girl Dolls, including Lila, the 2024 American Girl Doll of the Year. In addition, we've added a one-of-a-kind doll named Emma, specially designed to commemorate Bentonville's 150th anniversary. Emma's backstory was created with the help of the Bentonville History Museum and she represents the Bentonville of 1873.

Bentonville Establishes Business Registry

The City of Bentonville appreciates all of the businesses that have chosen to locate in Bentonville. To connect with and support them while planning for our future, on Dec. 12, 2023, Bentonville City Council established a registry for all businesses with a physical location in Bentonville. The Bentonville Business Registry creates a central repository of up-to-date information about businesses located in the Bentonville city limits while offering benefits to the community, including the following.

- Business promotion with the online Business Registry Map. Businesses that opt-in will be shown on the public map.
- Staff to assist with the registration process and other questions related to starting a new business.
- Up-to-date information for our public safety teams that improves their ability to respond to emergencies with the best information.
- Guidance through permits and review processes to identify needs before getting too far along in the process, saving money and time.

Businesses can register online at www.bentonvillebusinessregistry.com. The deadline to register is July 1, 2024. The registration fee is \$25.00. Registration must be renewed annually for \$15.00. Renewals are accepted between Nov. 1 and Dec. 31 each year. Details about the program, FAQ's and links to other permits that may be required are all on the website. For questions, contact: 479-271-3126 or businessregistry@bentonvillear.com.

PLAN BENTONVILLE: Shaping Our Future

Bentonville's 2018 Community Plan prioritizes thoughtful growth and Plan Bentonville is your opportunity to shape that vision with specifics.

Over the past several months, more than 1,400 community members have completed our initial online survey providing baseline data on who we are and what we value.

Now, mark your calendar for the week of February 26 when the Plan Bentonville team will conduct a week-long workshop asking the questions on how and where we want to grow. There will be multiple opportunities to review work in progress and share your thoughts.

We'll use that feedback to develop tools — like a Future Land Use map and updates to our zoning code — that make thoughtful growth the default outcome as the city we love continues to evolve and mature.

Get up to speed on the process and review the workshop schedule as it comes together at planbentonville.com.

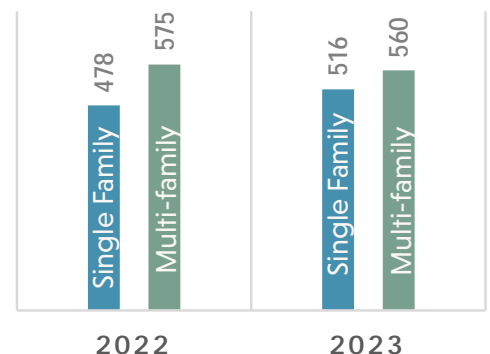

Seeds of Bentonville on display at City Hall

In celebration of Bentonville's Sesquicentennial Anniversary in 2023, the past and present are brought together with the *Seeds of Bentonville* by Justin Deister, installed November 7, 2023. The shape of an apple slice represents the more than 40,000 acres of apple orchards in Benton County in the late 1800's. Inside the apple slice are 150 apple seeds. Imaged onto these seeds are words provided by local residents describing what they love about Bentonville.

By the Numbers - 2023

- 1,660 permits issued, up 12% from 2022.
- 1,076 residential units permitted, up 2% from 2022.
- 38 new commercial permits, down by one from 2022.
