About the Popular Annual Financial Report

The Popular Annual Financial Report (PAFR) is designed to provide a better financial understanding of our city government, local economic conditions and where the City's financial position stands. This report is presented in accordance with guidelines from the Government Financial Officers Association (GFOA) and contains information from the City's 2023 Annual Comprehensive Financial Report (ACFR).

The PAFR is presented in an understandable and user-friendly manner. It is not intended to be a replacement for the ACFR which can be found by visiting the City's website or by scanning the QR code below.

A Message from the Finance Director

We are pleased to present the City of Bentonville's Popular Annual Financial Report (PAFR) for the fiscal year ending December 31, 2023.

Sales tax is one of Bentonville's primary sources of revenue and the City continues to see strong sales tax receipts year over year. The City provides a wide range of municipal services, include police and fire protection, planning and zoning, street improvements and maintenance, parks, cultural events and general administrative services. We also provide electric, water resources and solid waste management services for our citizens.

Maintaining infrastructure and amenities are key to Bentonville's quality of life. The City continues to complete construction projects from the 2021 voter approved bond referendum. Of those projects, the Library Expansion and Phillips Park renovation are expected to be completed in 2024. Additionally, our numerous Street and Drainage projects continue to ease closer to completion.

Thank you for taking interest in your local government. Our Finance team takes our responsibility as stewards of the City's financial resources seriously. We invite you to share any questions, concerns or comments with us.

History of Bentonville

Named after Benton County, the City of Bentonville was incorporated in January of 1873. By 1900, Bentonville had a city-owned light and water plant and was working on a sewer program. In the early days, agriculture was the backbone of the local and regional economy. In May of 1950, Sam Walton opened Walton's 5 and 10 store on the Bentonville square. Over time, Wal-Mart has grown to be the nation's largest retailer and Bentonville has grown into a thriving business and tourist community.

In May 2020, the U.S. Census Bureau recognized Bentonville as the 5th fastest growing large city in the United States. With ongoing announcements of a variety of new housing options and businesses, along with an inspiring entrepreneurial spirit, a focus on expansive trail systems and natural open spaces for all to enjoy, the City continues to receive awards and recognition as one of the best places in the United States to live, work and play.

Demographics

(2020 U.S. Census Data)

- ❖ Total population: 54,164
- ❖ 34% of the total population is a minority.
- ❖ Total # of housing units: 22,436
- ❖ 91% of all housing units are occupied
- ❖ Median value of owner-occupied household unit: \$281,800
- ❖ Median Household Income: \$89,653

Financial Highlights – Governmental Activities

K-9 Rock

Fire Training Tower

Bright Road Extension

Melvin Ford Aquatic Center

Governmental funds are used to account for tax-supported activities. Bentonville's governmental funds include the General Fund, Street Fund, Capital Project Fund, Federal Grant fund, Debt Service Fund and other Nonmajor Governmental Funds.

The City's basic services, including police and fire protection, parks and recreation, streets, community and economic development services, maintenance and capital improvements are accounted for in these funds.

In 2023, Bentonville again experienced increased revenues in property tax, sales tax, state turnback and charges for services due to population growth in the City as more people choose to make Northwest Arkansas their home.

Our expenditures were greater than our revenue due to capital projects being funded by bond proceeds and revenues collected in prior periods.

NET POSITION, END OF YEAR	\$ 371,442,649	\$ 423,625,063	\$ 495,827,747

Over time, increases or decreases in the City's *net position* may be an indicator of whether the financial situation of the City is improving or deteriorating.

The City of Bentonville's overall net position **increased 19.4% or \$72.2 million** from the prior fiscal year. The three components of net position are:

NET INVESTMENT IN CAPITAL ASSETS

The most significant portion of net position (**77.8% or \$385.8 million**) is invested in capital assets. Bentonville uses these capital assets to provide a variety of services to its citizens (street construction, park improvements, etc...). For that reason, these assets are not available for future spending. Bentonville's investment in capital assets is reported net of related debt.

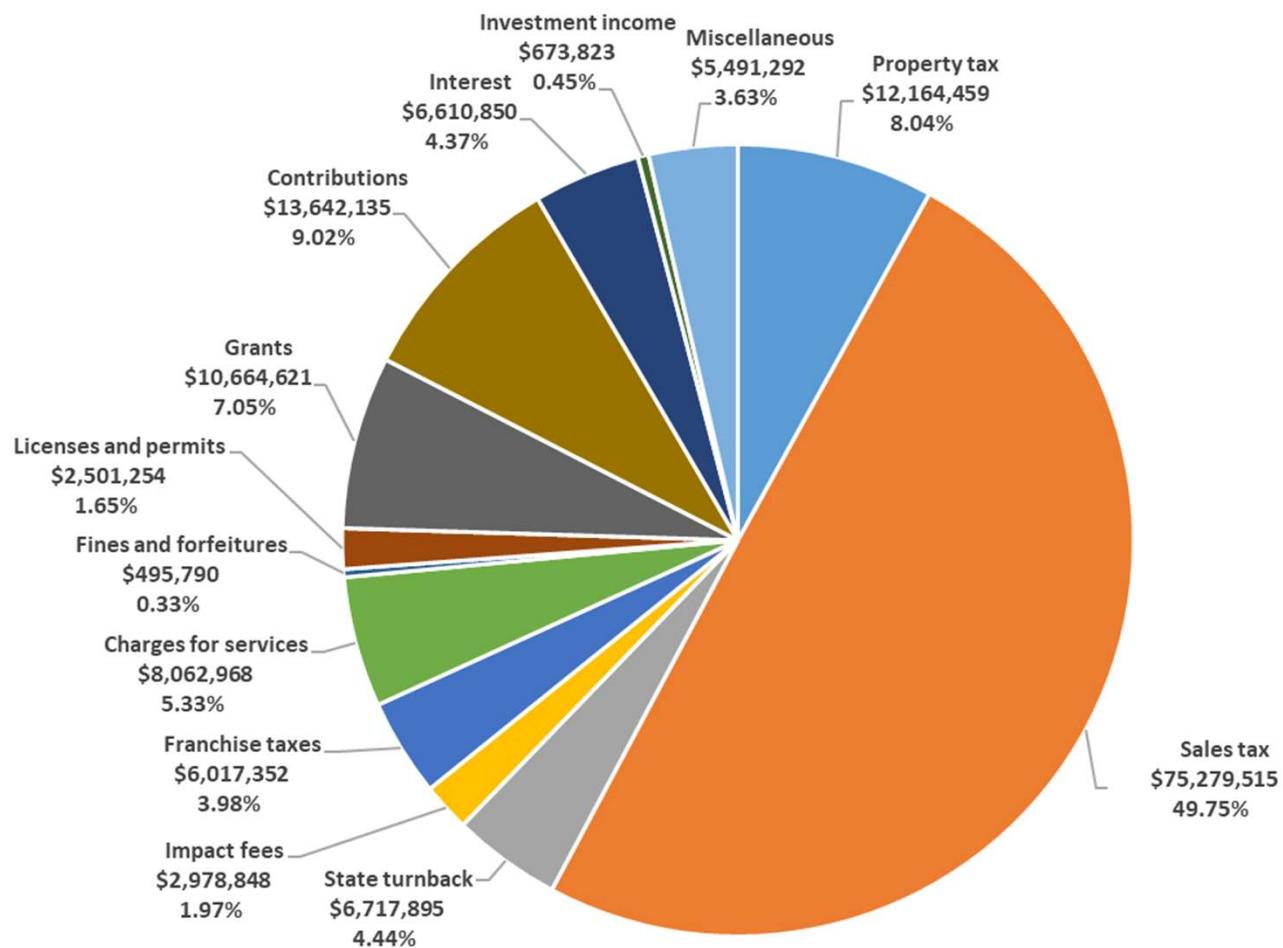

RESTRICTED NET POSITION

This portion of net position (**7.2% or \$35.8 million**) is restricted, representing funds that are limited to construction activities, payment of debt or specific programs by law. Examples include street projects paid with bond funds and grant monies received to fund special City projects.

UNRESTRICTED NET POSITION

The remaining portion of net position (**15% or \$74.2 million**) is unrestricted, representing resources which are available for services.

Governmental Revenues – Where Does the Money Come From?

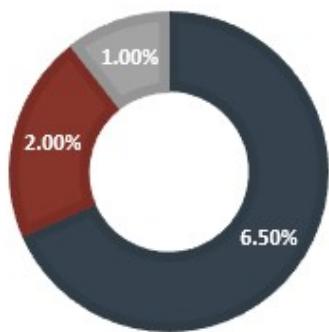

Below are brief descriptions of a selection of the City's revenue sources:

- **Sales Taxes** are taxes paid to a governing body for the sales of certain goods and services.
- **Property Taxes** are levied on the assessed value of all real property and certain personal property located within the City.
- **State Turnback** funds are a portion of revenues the City receives from the State of Arkansas highway funds.
- **Impact Fees** are one-time payments made by developers to help fund the financial impact that new development places on public infrastructure.
- **Franchise Taxes** include revenue received from utility (telecommunication) companies for the right to operate within the City. The City owned utilities (Electric, Water and Wastewater) also pay a 5% franchise fee.
- **Charges for Services** includes revenues received from services and/or programs provided by the City such as recreation programs.
- **Licenses and Permits** include revenues from building permits, business licenses and liquor licenses.
- **Contributions** include donations, sponsorships and development agreements.

CITY OF BENTONVILLE SALES TAX RATE (9.5%)

49.75%

SALES AND USE TAX IS
THE LARGEST SINGLE SOURCE OF
GOVERNMENTAL FUND REVENUE

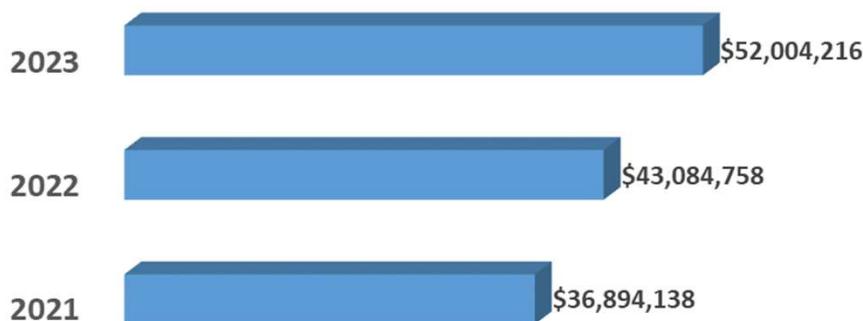

Sales and Use Tax

Sales tax is the largest source of revenue for the City's general government funds. The sales tax rate in the City of Bentonville is 9.5%. The City receives 2% of this total distributed as follows:

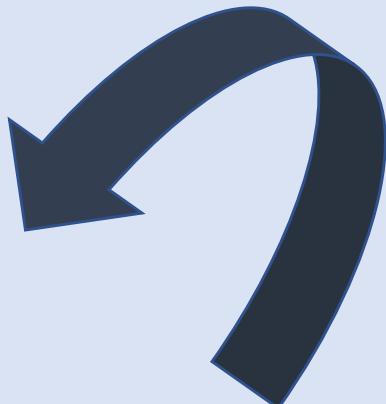

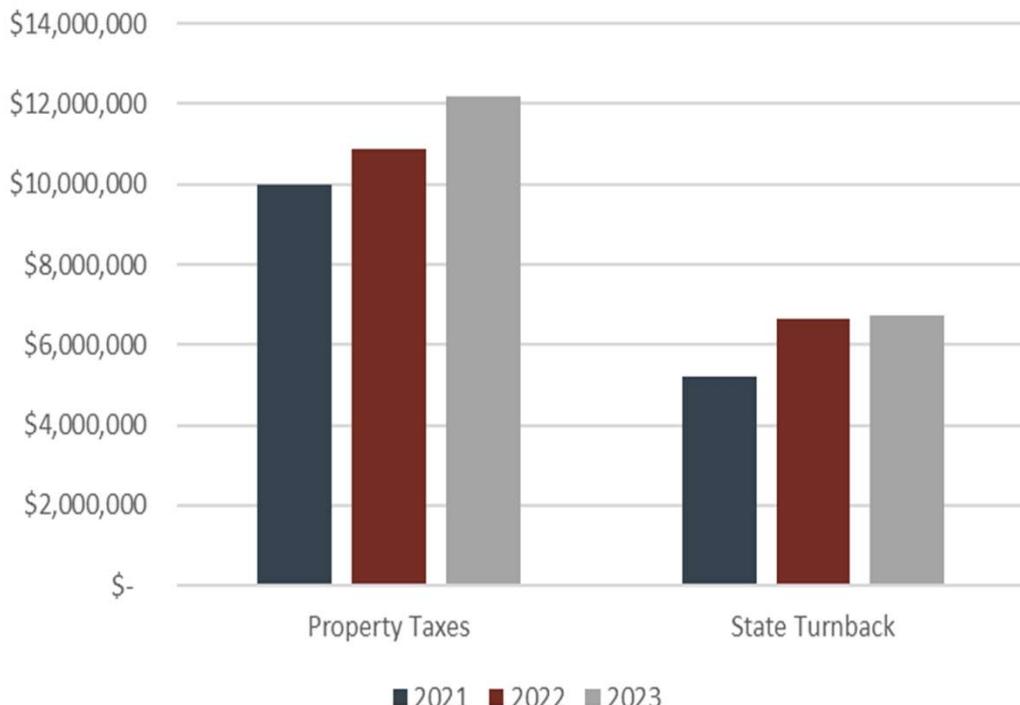

- 1% comes back to the City to fund operations
- 1% is distributed to our trustee for debt services. Of this amount, 80% is applied to debt obligations and 20% is returned to the City to fund capital purchases.

The City continues to experience increases in sales tax revenues year over year as our population increases and events continue to draw visitors from outside our area.

TURNBACK ACCOUNT FOR A
COMBINED TOTAL OF 12.48%
OF TOTAL GOVERNMENTAL
FUND REVENUE

Governmental Expenditures – Where Does the Money Go?

The City is organized into various departments and functions to provide services to its citizens, businesses and visitors.

- **General Government** includes expenditures for the administrative departments of the City, such as Mayor and City Council, Human Resources, Accounting and Finance, Legal and Information Technology.
- **Public Safety** expenditures are related to providing Police and Fire services and protection.
- **Recreation** includes program administration and facility maintenance for the community center and parks.
- **Street Department** expenditures are associated with the maintenance of streets, keeping the streets passable in inclement weather and keeping them clean.
- **Library** expenditures help to engage our community, encourage discovery and promote literacy by offering lifelong learning opportunities.
- **Capital outlay** expenditures are related to construction of capital projects within the City, such as streets, building and parks improvements.
- **Debt service** expenditures include principal and interest payments on general and special obligation debts.

Animal Shelter

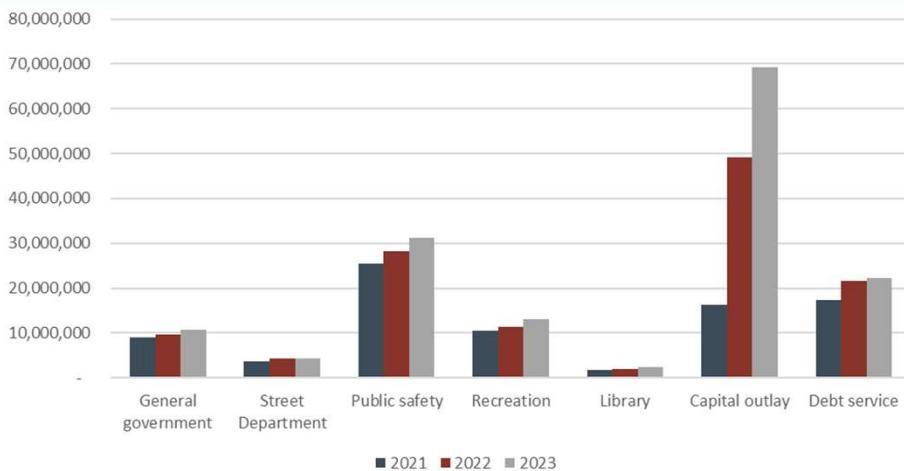

Creekside Park Splash Pad

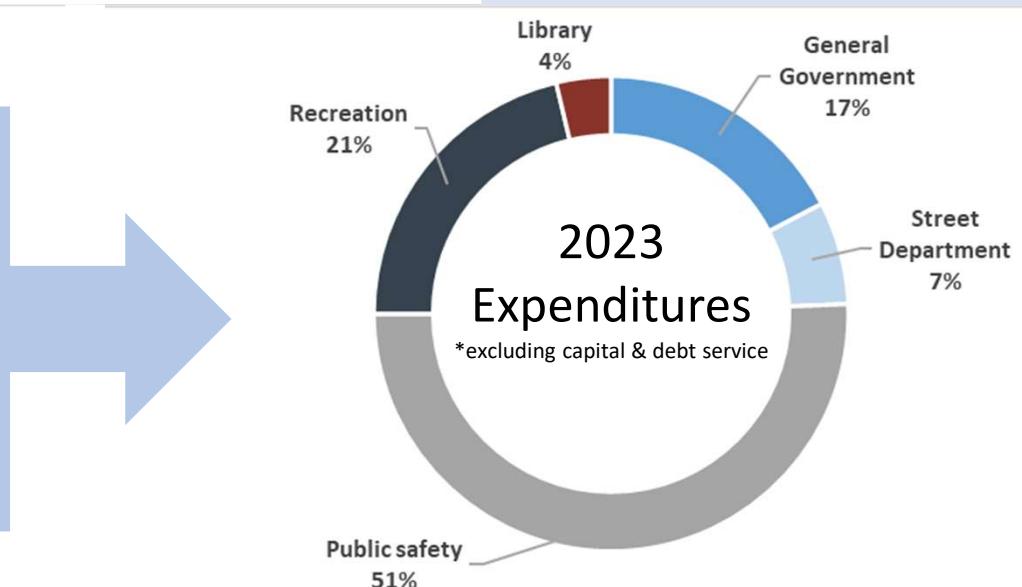

SE 8th Roundabout

Major Governmental Expenditures

Over the past 3 years, the City has seen increases in all expenditure categories. The significant increase in capital outlay is attributable to projects related to the 2021 bond issuance and numerous recreation and infrastructure improvements ongoing throughout the City.

Excluding capital outlay and debt service, 51% of governmental funds go towards funding **Police and Fire**

Financial Highlights – Proprietary Funds

Proprietary funds (also known as Enterprise funds) are used to report the same functions as presented as *business-type activities* in the government-wide financial statements. These funds, in general, charge customers for services provided. The business-type activities of the City include Electric, Water, Wastewater, Sanitation and related support departments which comprise the Utility fund.

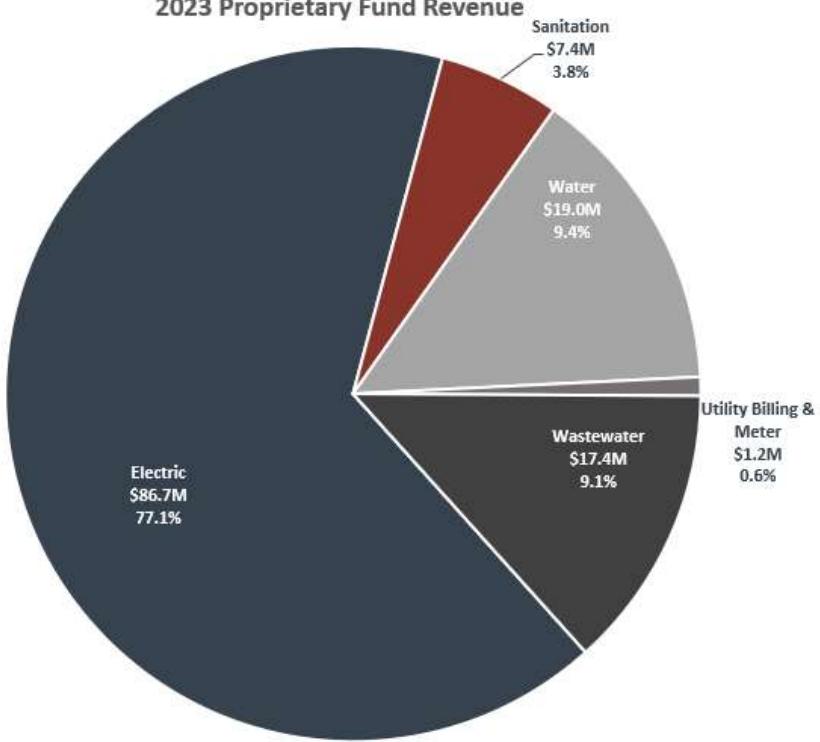

In 2023, total operating revenues for the fund totaled \$124,360,215. The City also continued to see developer funded infrastructure revenue, which is revenue contributed by 3rd parties to provide electric infrastructure for large privately funded projects.

Debt Obligations

In June 2021, the City issued \$84,045,000 In Sales and Use Tax Bonds. These bonds were used to refund the series 2009, 2010 and 2017 Bonds and to fund a portion of the costs of various capital improvements for the City. An additional \$54,119,532 in Sales and Use Tax Bonds were issued in December 2023 to continue funding capital projects voted on by the citizens in February 2021. Bonds are a great way for financially strong cities such as Bentonville to get the funding needed for important capital improvements by using existing tax revenue instead of increasing taxes.

In April 2022, the City issued \$12,255,000 in revenue bonds. These bonds were used to refund the series 2000, 2006A and 2006B bonds and to recover a portion of the cost the City incurred during the Winter 2021 storm.

City of Bentonville's Long-term Debt

Governmental Activities – Long-term Debt Obligations

	Interest Rates	Final Maturity Date	Principal at December 31, 2023
Sales and Use Tax bonds, Series 2021A	.32%-1.10%	2025	\$ 3,040,000
