Electric Utilities (Not Carroll)

Travis Matlock, Engineering Director

- Tree trimming
 - Required to maintain system reliability (99.99%, 10 min average/account)
 - 10' from the actual line
 - May find some spots that are in violation, BEUD only has 1 crew maintaining the whole city
- Reporting an outage (app/website/IVR)
 - Before reporting the outage, check your main breaker. If BEUD comes out and it was a “customer issue”, there is a \$100 service charge. Also, check your meter and see if the digital read out is still up. If it is, it is on the customer side.
 - The App (Apple Store/Google) is the easiest/quickest way to report the outage.
 - Update your phone number.
