BENTONVILLE *Great* NEIGHBORHOODS

Friendly • Safe • Attractive • Engaged

www.bentonvillear.com/1048/Great-Neighborhoods-Partnership

neighborhoods@bentonvillear.com

Bentonville's Great Neighborhoods Program connects the Mayor's core goals of transparency and improved communication with residents to the Community Plan's goal of stronger neighborhoods and the principle of providing a "great place to plant roots."

Philosophy

Neighborhoods are the foundation of the community. Proactive collaboration between neighborhood residents and the city results in great and resilient neighborhoods with strong identities that add value to the community.

Mission

Strengthen Bentonville by supporting and encouraging great neighborhoods that are friendly, safe, attractive and engaged.

Goals

GREAT
NEIGHBORHOODS

Build bonds among neighborhood residents.

Empower residents to enhance their neighborhood.

Cultivate a sense of safety and security.

Foster communication between residents and the city.

Program Components

Planning and Support

Neighborhood Advisory Committee

Consists of one representative and one alternate from all registered neighborhood partners to facilitate communication between city council, city staff and the registered neighborhood associations.

They provide feedback to the city and collaborate to develop solutions on issues pertinent to neighborhoods, such as nuisance properties, streets, sidewalks, crime, neighbors in need, and community engagement.

Electric Utilities (Not Carroll)

Travis Matlock, Engineering Director

- Tree trimming
 - Required to maintain system reliability (99.99%, 10 min average/account)
 - 10' from the actual line
 - May find some spots that are in violation, BEUD only has 1 crew maintaining the whole city
- Reporting an outage (app/website/IVR)
 - Before reporting the outage, check your main breaker. If BEUD comes out and it was a “customer issue”, there is a \$100 service charge. Also, check your meter and see if the digital read out is still up. If it is, it is on the customer side.
 - The App (Apple Store/Google) is the easiest/quickest way to report the outage.
 - Update your phone number.
