# Bentonville 311

## connecting citizens to services

Bentonville 311 provides the citizens of Bentonville with a simple online single point of contact for every City department.

Bentonville 311 is not to be used for emergency situations as it is only monitored during business hours.

**For Emergencies, please dial 911.**

The new Bentonville 311 system brings unprecedented levels of openness, innovation and accountability to the delivery of City services.

With the new Bentonville 311 online system, you can:

- Create a new service request
- Check the status of existing requests
- Snap a photo and submit it with a request to improve accuracy
- Receive email notification on service concern progress
- Provide feedback upon completion of your concern

## How to report a service concern

[Report a Concern](#)

To report a service concern, get started [here](#) or click the pencil icon on the left to begin.

Simply fill out the form for the requested service and you will receive email notifications on the progress as our City team addresses your concern.

Non-emergency service requests for street light maintenance, trail repair, drainage issues, and many other services are listed in a category menu.

If you can't find your category give us a call and we will help you with your service request.

Contact us at 479-271-5966 or email:  
[mayor\\_assistant@bentonvillear.com](mailto:mayor_assistant@bentonvillear.com)

- **Walton / Central Ave.**
- **SE 28<sup>th</sup> / SE J**
- **SE Walton / SE J**
- **SW I / SW 41<sup>st</sup>**

# Potential Projects:

# Bentonville Electric Utility Department

# Bentonville Electric Utility Department

- 311 - Reporting Street Light Outages
  - As of 2/11/21, 768 have been completed, 75 are open (awaiting material delivery)
  - BEUD is using a contractor to address tickets
  - Make sure to put the streetlight number (STL XXX)
  - Being upgraded to LED as they are addressed

# Bentonville Electric Utility Department

- Why do we have to trim/remove trees? We are a “Tree City USA”!
  - We do care about trees. Just not the ones within 10' of the wire? (industry standard)
  - We would rather remove the trees within 10' and give you a voucher. (I understand that the replacement tree does not replace the 50 yr old tree)

# Bentonville Electric Utility Department

- Why do we put all the wires OH? Just put them UG, it's better.
  - We actually have 710 mi of UG and 277 mi of OH.
  - UG is 5-7 times more expensive (rates would increase)
  - “Green Boxes” of varying sizes everywhere.
  - Longer duration of outages
  - Still cannot have trees over the lines or around the boxes

# Bentonville Electric Utility Department

- Text Power – reporting an outage from your phone
  - Make sure the Utility Billing Dept. has your mobile phone as “main contact” and you will be automatically signed up
  - Save the number to your “contacts”
  - All you have to do is text “out” – automatically sent to our dispatcher and they send a lineman out to repair.
  - If there is a large “declared” outage – you will be notified
  - BEUD sent out 41,000+ texts in 2020.

# Bentonville Electric Utility Department

Text Message  
Today 10:38 AM

We have entered outage ticket number C317896.

Electric service has been reported out at 100 SW 10TH ST

Electric service has been confirmed out at 100 SW 10TH ST

Estimated Restore Time of your Electric outage has changed to January 23 at 11:41 am. Current known info is, Auto accident at SW 10th / Main.

Electric service should have been restored at 100 SW 10TH ST

Text Message  
Today 10:51 AM

You are in a known outage area. Duration for this outage has been 02 minutes. 1 customers are affected by this outage. Estimated Restore Time is unknown.

Current known info is, auto accident Main / 10th. We have entered outage ticket number C317899.
